

Alternative to the RUM

- A full software solution
 - We have PCs with two PCI busses :
64 / 66 and 32 / 33
 - There might be solutions on the market

- **Questions:**

- **we need the result** of such a test to decide the borderline between custom hardware and software solutions

Who deals with it?

When ?

What to buy ?

- Hot item for 29/6/ meeting
